

Want to be a VIP?

Here's How to Get Unlimited eGalley's

The HarperCollins Library Marketing team has created a catalog on Edelweiss.com specifically for librarians. Here you'll find a slew of frontlist titles including YA crossovers, the latest mysteries and the hottest romances - all available as downloadable eGalley's.

This catalog is live and updated every time a new galley is ready for download. Just follow these easy steps to get started:

- 1) Register at www.edelweiss.abovethetreeline.com
- 2) Send an email to librarylovest@harpercollins.com, informing us that you have registered. We will add your name to our VIP list, allowing you to download eGalley's as often as you wish - no waiting for approval. Once you receive confirmation from us, you are all set!
- 3) Go to www.harperlibraryegalley.com to start downloading.
